

Circus Arts Program Recognition

Teacher Information Form

Please complete the following questions as completely and honestly as you can. Keep in mind that if we're asking about "training" you've received, that it may have been as simple as someone showing you how to rig and unrig in the space. "Training" may have varying levels of formality, and that's OK!

An ACE Safety Consultant may or may not follow up with you using the contact information on this form.
